

Shopping on Campus

FSA has made adjustments in our Bookstore, C-store, and FREDEExpress in accordance with guidance from the Centers for Disease Control (CDC), and the New York State and Chautauqua County Health Departments to insure the safety of our customers and staff.

These locations will be open for the fall semester, with social distancing practices in place. Masks will be required when entering, and must be worn while in the stores shopping, and waiting in line.

As circumstances surrounding COVID-19 are very fluid, please be sure to follow official university communications on the [Fredonia website](#). FSA will also provide updates on our social media channels, and serving hours may be found on our [website](#).

FSA would like to thank you for shopping with us.
